

# The Holdorf Hubbub!

---

## Health:

*We just finished our November unit about Nutrition. Students will bring home their student booklets in Friday Folders today.*

## Grading Day

We are at the end of the 1st Trimester. Next Monday is a day for teachers to complete Progress Reports. There will be no school for kids. Progress Reports will be coming home in Friday Folders on December 7th.

## Math

We have been continuing to practice a variety of strategies to solve multi-digit addition and subtraction as well as rounding to the nearest 10 and 100. I will begin to give multiplication timed tests next week. They will have 2 opportunities per week to pass the timed tests. It starts with 0s and 1s, then progresses through each set of facts. Any extra practice at home with multiplication fact fluency is appreciated! By the end of the year, third graders are expected to be fluent with their multiplication facts 1-10.

## Spelling/Vocabulary Focus

This week and next we are working with words containing the 'oi' and 'oy'

spelling pattern. Vocab words are: annoyed, joyful, destroy, moist, voyage, and disappoint.

## IXL Focus

If your child is working on IXL at home current areas of focus are:

Place Value (B section)

Addition (C section)

Subtraction (D section)

Estimation and Rounding (P section)

## Coming Up...

---

12/3 Teacher Workday **No School**

12/12 Early Release **Dismissal 12:15**

12/20-1/2 Winter Break

---

**Have a wonderful weekend!**
